Besides those always kept ready for sale, CRAMER & CO. manufacture special instruments, powerfully voiced, and suitable for Churches, Chapels, or large Halls.

CRAMER & CO. also wish to draw attention to the price of their instruments, which is considerably lower than that of the imported instruments, while in quality of tone, soundness of construction, and general finish, they are equal, if not superior, to those of the best foreign makers.

"We willingly bear our testimony to the tenderness and reverence with which the creed of Christendom is here criticised. The spirit of the Writer is admirable."—*Nonconformist*.

"We know of scarcely any other book, certainly none of so moderate a size, which is so well worth the attention of those of the clergy who desire to understand the spirit of the age with which the Church at present has to deal."—*Literary Churchman*.

"The Problem, &c., is a temperate and well-reasoned exposition of the insufficiency of orthodox religion to satisfy any of the requirements of man. . . . There cannot be too many such books as this issued, and if all were as skilful as this, we might hope for the speedy overthrow of the religious bigotry and folly that still hamper the progress of society."—*Ecumenist*.

"The book is full of intelligence, everywhere reflecting an earnest, active mind, and keeps the reader interested by constant *apropos* quotations from all sorts of contemporary literature and references to passing events. It is a book that may be read with interest and profit by all who trouble themselves about the Church or the world."—*Theological Review*.

"Such a book is a treat which the English reader does not
often get. . . . If, which we hope will not prove to be the
case, the British public will not believe that there is more sound
instruction in such a work as this than in a geographic manual,
and more amusement than in a novel, we can only say, let him
alone."

THE REV. SIR EDWARD REPPS JODRELL, BART.

To Messrs. FELTOE & SONS,

26 Conduit Street, Bond Street, W.

When at Sall I received an Analytical Report of your SPÉCIALITÉ SHERRY, and you must forgive me for saying that at first I regarded the whole matter as a most egregious piece of humbug. Having, however, tasted the wine in question, and found it most agreeable to the palate, I determined, on my own responsibility, to have it analysed for myself, having fully also determined previously to expose any hoax *pro bono publico*, or to give you the benefit of the analysis should it turn out in your favour. I have the pleasure to forward you Professor Redwood's (of the Pharmaceutical Society of Great Britain) Analysis, which says more than I can express. I am very particular as to the wine I drink, and as I have been hitherto buying everyday Sherry at 60s. a dozen, I am rejoiced to find now that I can purchase wine of equal strength and superior bouquet at half that price. This should be known to the general public, and you can make any use you deem proper of this letter, and also of Professor Redwood's most elaborate analysis.

Yours faithfully,

(Signed)

EDWARD REPPS JODRELL.
